WELCOME NEW TULANE STUDENTS,

We’re thrilled to have you join our Tulane family this fall! You have chosen to join an exceptional community of students, staff, and faculty. Our hope is to help facilitate your growth and allow you to flourish throughout your college experience. New Student Orientation and Fall Welcome are two signature programs coordinated by the Office of New Student & Leadership Programs each year that we design specifically to set you up for success as you embark on your college journey.

This New Student Guidebook has been intentionally designed to answer your questions and provide you with essential information so you can go through the summer with peace of mind. We know how tough transitions can be and want to make sure you know that our campus is here to help.

The New Student Guidebook is divided into four sections:

- **SNEAK PEEK**: Check out a sneak peek of New Student Orientation and Fall Welcome events coming up in August to help you plan for all the excitement.
- **NEXT STEPS**: Our New Student Checklist, important dates and deadlines, and “Must Do at TU” list will help you prepare to come to campus and maximize your time as a first-year student.
- **RESOURCES**: We’ve compiled resources, events, and programs from many departments on campus that will help get you connected to staff and introduce you to programs and activities that span involvement, academic resources, campus health, and support services.
- **SERVICES**: Learn about our many campus services that will help you navigate your first year on campus.

We encourage you to begin using this New Student Guidebook now. Reference it throughout the summer and especially during your first weeks on campus. Our staff is here to support you. The New Student & Leadership Programs’ Board of Directors (also known as the “BOD Squad”) is comprised of 8 upper-classmen who help NSLP staff to plan and implement your transition to Tulane! As experienced and successful student leaders, they’ve compiled these tips to help you succeed.

1. Follow Tulane-specific social media to stay in the know about events, clubs, and organizations! (Follow @tulanenslp on Instagram!)
2. Make intramural teams with your floor (yes, even if you aren’t great at sports).
3. Office hours are a BLESSING. Go to them!
4. Utilize different study spaces on campus — it’s fun to discover new places AND moving from place to place can help you as a study break.
5. Go for a walk or jog in Audubon Park to clear your head! The scenery is beautiful and it’s a great way to interact with the community and get some fresh air right off campus.
6. Call your family once a week. They miss you!
7. Trust us — it’s okay if you don’t go to that one party that one day. Do you!
8. Don’t be afraid to utilize mental health resources like CAPS for Counseling Services. Most students are living away from home for the first time, are in a much larger community than they are used to, and struggle with their transition to college. It’s perfectly normal for your mental health to take a hit with so much going on and there is no shame in reaching out for help when you need it!
9. If you ever get bored of Bruff, check out the Orleans Room at Loyola! We have access to it through our meal plan and their dessert bar is amazing.
10. Broaden your horizons, spread your wings, and try to see and do something new every week (try a new restaurant, attend a new organization’s event, grab coffee with a new person, etc.) This will help you see all that Nola has to offer!
Use the TU 2022 CHECKLIST to plan for your first semester at Tulane. Many of the checklist items can be completed in advance. Some checklist items have a limited window or will not be available until a later date this summer, so be sure to check our website orientation.tulane.edu periodically for updates. Review the entire checklist now so you can plan when to complete your tasks. Most items are encouraged while some are required.

LIVING ON CAMPUS
Tips for starting a successful year

READ THE FALL 2018 MOVE-IN GUIDE
We’ll send a move-in guide to parents and students via email over the summer. Read it carefully for more information about how move-in day works at Tulane.

GET TO KNOW YOUR ROOMMATE
You will receive your room assignment and roommate information in mid-July. Planning for how you and your roommate(s) will live together is a crucial contributor to your success as a first-year student. Consider the questions you may want to ask them and think about how you will want to communicate with each other. Your RA will work with you to complete a Roommate Agreement early in the fall semester.

LEARN MORE ABOUT YOUR ROOM
We know you’re excited to start planning your room setup for the fall. You can learn more about where you’re living by visiting our website.

BE A LEADER
As a world-class institution, Tulane offers many options for students to pursue their passions and contribute to the greater good. Students living in the residence halls will elect their peers to serve as leaders in Community Governments and the Residence Hall Association. These leaders help guide the living and learning environment in our halls — be on the lookout for how to get involved in the fall.

PARTICIPATE IN FIRST-YEAR EVENTS
Wear your FIRST-YEAR SHIRT. During Move-In, you’ll receive a first-year shirt that represents your hall!

Compete at the CAMPUS CUP. This is an annual competition between residence halls!

Learn about living on campus at your FIRST FLOOR MEETING. Your first floor meeting will be on the evening of Move-In Day!

Engage with other residents at your FIRST YEAR DINNER. Each Residence Hall community has a special dinner to learn about, and more importantly, enjoy New Orleans food!

Residence halls will open for women participating in formal recruitment on January 7, 2019 at 12 p.m. Be on the lookout for informational sessions and introductory events throughout the fall semester!
The OFFICE OF MULTICULTURAL AFFAIRS (OMA) strives to promote rich cultural experiences and opportunities within Tulane community. We provide all students with academic, social, and personal support services that facilitate their transition to life at Tulane and in the city of New Orleans. Throughout the year, OMA offers programs for the campus community, such as the Multicultural Student Orientation, Diversity Convocation, and Fall Harvest Fest Dinner, along with speakers, events, and workshops for cultural celebrations. Our student organizations promote cultural and social awareness through programs and events on campus, especially during our cultural celebrations. Looking for a way to get involved? Join the O PEER MENTORS PROGRAM and get matched with an upperclass mentor for your first year. Visit the-O.tulane.edu to learn more.

GET CONNECTED
Wednesdays with the O | Multicultural Orientation | Kickback with the O | Multicultural Leadership Retreat
Every Wednesday, the O offers up free food, fellowship, and fun. Food is a powerful tool to bring people together and to make people feel comfortable. We hope to give every Tulanian a taste of New Orleans by providing food from local cafes. This event takes place at noon in the James Lounge of the Lavin-Bernick Center!

The annual MULTICULTURAL LEADERSHIP RETREAT is an opportunity to learn more about your social identities, connect with other students, develop leadership skills, and make a positive change at Tulane. The retreat is open to any interested Tulane University student and will be held Sept. 15–17, 2018.

CELEBRATE DIFFERENCE
Cultural Celebrations | Fall Harvest Fest Dinner | MLK Week for Peace | Diversity Convocation
The Fall Harvest Fest Dinner supports all students who are not going home for the break in November. We also invite international students, faculty, and staff to join us in celebrating Native American Indian Heritage Month.

FIND YOUR COMMUNITY
Multicultural Council | Religious Life Council | Alternative Fall/Spring Break Trips | Travel Abroad
At the O, we have several ways for you to find your community. One of the ways to find your community is through joining one of our student organizations under the Multicultural Council. These student organizations all do incredible work on campus to create a more welcoming and vibrant Tulane community.
The Multicultural Council includes Tulane University Vietnamese Association, Asian American Student Union, Generating Excellence Now & Tomorrow in Education, India Association at Tulane University, Chinese Students & Scholars Association, Muslim Student Association, and Tulane Black Student Union.

BECOME A LEADER
O Ambassadors | Social Justice Workshops | Student Employment | Student Organizations
The purpose of the O Ambassadors program is to help students understand the benefits of integrating academic excellence, professional development, and intercultural competence in their lives. They serve as the blueprint for thriving in an inclusive environment on the Tulane campus. You can become a leader by designing programs and projects to engage with current students, faculty, staff, alumni, and members of the New Orleans community.
The religious centers and organizations at Tulane and the Religious Life staff exist to offer students the opportunity to continue life as a spiritual person while on campus through worship, community, service, and more; to increase religious awareness and understanding on campus; and to offer religious counseling for students who request it.

Look for opportunities to connect with these groups through beginning of the year welcome social and worship services in the New Student Orientation and Fall Welcome 2018 schedules at orientation.tulane.edu. To find out more about registered student organizations and Tulane-affiliated religious centers and to fill out the online Religious Preference Form, visit https://www2.tulane.edu/studentaffairs/intercultural/religious-life/religious-groups.cfm.

The fee affords students access to make appointments with providers at the Health Center and CAPS for Counseling Services. Those students who have not paid the fee but would like to see a Campus Health provider will be charged the fee at the time of service. (The fee is not health insurance and does not replace health insurance coverage.)

**STUDENT HEALTH INSURANCE REQUIREMENT**

**INSURANCE COMPLIANCE DEADLINE:**

**AUGUST 15, 2018**

All full-time Tulane students are required to carry health insurance equal to or greater than University requirements as posted online at campushealth.tulane.edu/insurance. Full-time students must take action* either to enroll in the Tulane-sponsored Student Health Insurance Plan (T-SHIP) or to waive T-SHIP by providing proof of comparable coverage.

While we recommend that Tulane students enroll in T-SHIP, we understand that some students will prefer to waive enrollment to use an alternative plan. To waive, you must demonstrate that your plan has equivalent or better coverage using our online insurance verification tool.

T-SHIP is provided in collaboration with United Healthcare Student Resources and is accepted at the Health Center on campus as well as a wealth of off-campus providers, hospitals, and specialists in New Orleans. T-SHIP also covers students when they travel, so they’re covered at home and abroad. T-SHIP coverage lasts from August 19 until August 18 the following year.

Students will be notified by their Tulane email when open enrollment becomes available. During open enrollment, students must either enroll in T-SHIP or submit proof of comparable coverage online at campushealth.tulane.edu/t-ship/enroll-waive.

* Students who do not enroll or complete the online waiver by the posted deadlines will be automatically charged for and enrolled in T-SHIP. The insurance premium that appears on the student’s Accounts Receivable fee bill will be paid directly to the insurance company. The premium is non-refundable after the August 15 waiver deadline.

**IMMUNIZATION COMPLIANCE**

**IMMUNIZATION COMPLIANCE DEADLINE:**

**JULY 15, 2018**

All students who have been admitted to Tulane are required to provide proof of immunization compliance (as per state law and CDC and American College Health Association guidelines) prior to arriving at Tulane. You must submit a Tulane’s immunization compliance form in order to register for classes. **Class registration will be blocked if immunizations are not compliant.**

State law requires all students entering college in Louisiana to provide documentation of the following immunizations: Measles, Mumps, Rubella Vaccine (MMR); Tetanus–Diphtheria Pertussis (Tdap); and the Meningococcocal (Meningitis). Additionally, all Tulane students must complete appropriate Tuberculosis (TB) screening.

Download a Tulane Immunization Compliance Form at campushealth.tulane.edu/immunizations. Students are encouraged to get their documentation in early as there are several steps in this compliance process. Step-by-step instructions are detailed online. If you fail to follow all steps, you may be blocked from registering for classes.

**PHARMACY**

campushealth.tulane.edu/pharmacy

Tulane’s on-campus pharmacy strives to give students high quality medication care at reasonable prices. The pharmacy fills prescriptions not only from the Health Center, but also from outside providers, including both local and out-of-town practitioners. We will also help transfer prescriptions from other drug stores to our location for our students’ convenience.

Students must present a Tulane Splash card to have prescriptions filled at the pharmacy and must show a state or federal ID for pickup. We accept credit card payment (except American Express) or can bill to the student’s Accounts Receivable. In addition, the pharmacy accepts most third-party insurances and will assist with any insurance claims forms, as well as provide detailed receipts for reimbursement from your insurance companies.

CAPS for Counseling Services

CAMPUS HEALTH
campushealth.tulane.edu/caps

CAPS is our counseling center that is committed to providing a safe, inclusive, and affirming community of care for Tulane students. The licensed counselors, social workers, psychologists, and psychiatrists at CAPS seek to promote well-being within the Tulane community by providing confidential mental health services. The CAPS staff strives to support students in creating a meaningful college experience and offers a range of options to students to help ensure that your time here is as safe, happy, and productive as possible.

COUNSELING

INDIVIDUAL CONSULTATIONS
First visits to CAPS usually involve meeting with a clinician for an initial consultation. During the consultation session, students discuss their mental health concerns and determine which resources—whether from CAPS, on-campus, or the community—may be most helpful to them.

BRIEF INDIVIDUAL THERAPY
If individual therapy at CAPS is determined to be the best fit for a student, regular meetings with an available clinician would then be scheduled. During their sessions, students and clinicians work together to help reach students' goals, manage distress, and move toward improved self-understanding, mental well-being, and balance. If ongoing care is indicated after reaching the session limit, students will be offered appropriate referrals in the community.

GROUP COUNSELING
Several groups are offered each semester to provide students with a safe space to talk about their experiences with both CAPS clinicians and other Tulane students. Examples of past groups that have been offered are Freshman Transition Group, Journey with Grief and Loss, and Reflections—Moving Beyond Body Image and Worry. Please visit campushealth.tulane.edu/caps/groups for current offerings.

PSYCHIATRY
CAPS staff includes MD psychiatrists and a medical psychologist who can provide time-limited medication management to Tulane students if appropriate. After an initial meeting with the student, the psychiatrist or medical psychologist will facilitate treatment and follow up with the student through additional individual appointments or referrals to community providers.

URGENT SERVICES
If a student feels the need to speak with someone urgently, they can request a same-day consultation, Monday–Friday, noon to 5 pm. Our staff will discuss the student's concerns and determine whether additional resources may be needed to continue supporting the student.

THE LINE
For those times when a student wants to talk to someone right away, The Line is always available. Any time, day or night, 24/7, a trained Crisis Intervention Center of LA professional at The Line will answer a student’s phone call and give confidential support when you need it. Call The Line at (504) 264-6074.
Many students experience difficult times during college, due to either academic or personal reasons. Common stressors include medical, mental health, personal or family crisis, illness, or injury. These life events can interfere with a student’s ability to attain their goals. Tulane provides many support services to help students during their time here.

WE CAN HELP

Case Management & Victim Support Services (CMVSS) was created to give students in need of support a single place to go for assistance. We use an individualized approach to help students connect to the resources they may need on campus and in the New Orleans community. We support and empower our students to take action and advocate on their own behalf.

Common concerns and issues supported through CMVSS include emotional distress/behavioral health concerns, death of a family member or close friend, serious illness or injury, hospitalization, academic concerns related to distress or crisis, and crime victimization.

Examples of services offered include navigating campus and community resources, referrals to community providers, exploration of and referral for behavioral health concerns, coordination and follow-up during and after hospitalization and/or medical leave of absence, health and safety referrals, problem resolution, victim support services, help managing multiple or complex medical needs, crisis management, and conflict resolution.

EMERGENCY PREPAREDNESS AND RESPONSE

The OFFICE OF EMERGENCY PREPAREDNESS AND RESPONSE is responsible for the comprehensive, “all-hazards/threats” emergency and disaster management planning efforts for Tulane University. We provide planning, training, interdepartmental coordination, and emergency response assistance for major emergencies or disasters.

TULANE’S EMERGENCY ALERTS AND MESSAGING SYSTEM

In addition to Tulane’s Alert Line, 1 (877) 862-8080, and Emergency Notices website, emergency.tulane.edu, the university has created means to contact Tulane students, faculty and staff in emergency situations.

- In the event of an emergency or impending threat, Tulane will send critical voice and text messages to our students at the contact number(s) you have listed on your official records on Gibson Online.

- To ensure that Tulane has accurate and current contact information in the Office of the Registrar records, students should update their information through Gibson Online (gibson.tulane.edu) or the Registrar’s Office (registrar.tulane.edu).

- Following an emergency which would displace students from campus, the university will provide updated information on the Emergency Notices website (emergency.tulane.edu), the Alert Line, and through Twitter.

- Follow Tulane’s Office of Emergency Response on Twitter (@TulaneEmergency) for an accurate source of information during an emergency.

PREPARE YOUR PERSONAL HURRICANE PLAN

In the event the University decides to close due to an impending hurricane, it is important that you have already formulated and are familiar with your evacuation plan.

- Discuss your personal hurricane evacuation plan with your family.

- Identify ahead of time where you could go if you are told to evacuate. Come up with a few options—a friend’s home in another town, back home with your parents, or with a nearby relative. If an evacuation is ordered and you are unable to enact your personal plan, the University will assist you with a comprehensive plan designed to supplement your own personal evacuation plan.

- Determine how you will communicate with your family if cell phone service should be interrupted.

- Keep handy the telephone numbers of these places as well as a road map if you plan to drive. You may need to take alternative or unfamiliar routes if major roads are closed or clogged.

- Consult the Tulane website and always pay attention to emergency alerts. Contact the Office of Emergency Preparedness and Response if you have any questions.

- Submit your emergency plan online with Housing & Residence Life and Emergency Preparedness & Response at gibson.tulane.edu/tulane/legacy/storm_plan.

Q. WHO DO I REPORT ISSUES OR COMMENTS ABOUT CAMPUS BUILDINGS TO?
See the “We Want to Hear From You” chart at left for contact information. You can also submit Service Wave requests for common spaces, including communal bathrooms and study spaces in the residence halls. If you see something wrong in a building or you want us to know about an issue you are experiencing, please submit a ticket in Service Wave! This will help both you and us track your issue and make sure it is taken care of.

Q. WHAT IS SERVICE WAVE?
Service Wave is the work ticket management system used by Campus Services that allows us to track, manage, and maintain campus buildings and facilities. When you submit a work ticket to Service Wave, our staff reviews the request and assigns it to the appropriate technician. If a request is unclear or incomplete, we will follow up with you to get more information.

Q. HOW DO TULANE MEAL PLANS WORK?
Tulane meal plans allow students flexibility, value, and convenience:

UNLIMITED: This meal plan offers unlimited Bruff meal swipes as well as Wavebuck$ to use on campus and NOLAbuck$ to use at designated off-campus locations.

TU PLANS: Each TU plan has a specific number of Bruff meals per week or semester, Wavebuck$, NOLAbuck$, Extra Meals, and Quick Picks.

COMMUTER: This flexible retail dollar plan gives the students $300 in Wavebuck$ and $25 in NOLAbuck$. Students on this plan can also purchase additional Wavebuck$, NOLAbuck$, Extra Meals, and Quick Picks throughout the semester. Students on the Commuter plan get a $2 discount at Bruff Commons. This plan is not available to on-campus students.

KOSHER: The Kosher meal plan provides students with a convenient and delicious option for dining kosher at Tulane. Students who choose this plan will be provided with 15 meals per week at Rimon, located in the Tulane Hillel Building at 912 Broadway Street. The Kosher meal plan also provides Wavebuck$ to spend at other on-campus retail locations. Students may use their weekly meals at Bruff Commons Dining Room, Bruff To Go, the Roulez food truck, and the Orleans Room at Loyola.

One of our main goals is to provide a pleasant, comfortable, and satisfying dining environment. In order to meet this goal, we ask for your assistance with the following:

- Removing food, dishes, or utensils from Bruff Dining Room is strictly prohibited. Filling containers with food from Bruff for later consumption is prohibited.
- There is one exception to the Unlimited Plan: when selecting the Bruff To Go option, the student will not be allowed to enter the dining room for a two-hour period.
- When you have finished dining at Bruff, please bring your disposables from your tables to the dish return window.
- Remember that Tulane Splash Cards cannot be used to enter the Bruff Commons Dining Room by anyone but the owner of the card.
- Wavebuck$ and NOLAbuck$ associated with the meal plans will roll over from the fall to spring semester only if the student is enrolled in a meal plan for the spring semester.
- Bruff meals, Extra Meals, and Quick Picks do not roll over from fall to spring semester.
- Any student who cancels their meal plan by the cancellation deadline will be charged on a prorated basis for Bruff Commons Dining Room through the date of cancellation, regardless of whether any meals were used. Unused Wavebuck$ and NOLAbuck$ will be forfeited at the time of cancellation.
- Meals per week and meals per semester are only to be used by the Splash Card holder/meal plan participant. Extra Meals per semester may be used to treat a guest.
- For more information on payment, policies, and procedures, call (504) 865-5441.

**Q. WHERE DOES MY FOOD COME FROM?**

See the map at right for some of the sources of your Tulane dining experience.

**Q. I HAVE SPECIAL DIETARY NEEDS. CAN YOU HELP?**

**BRUFF COMMONS**

Bruff Commons is committed to offering safe and delicious food for students with special dietary needs. The dining services team is trained and knowledgeable about preparing foods for those with allergies, intolerances, and celiac disease. We work closely with Food Allergy Research and Education (FARE) and AllerTrain to provide the best possible experience to students with diet restrictions.

We are proud to offer the Simple Servings and MyZone concept at our Bruff Commons resident dining hall. Simple Servings is a resident dining option that provides safe and appetizing food choices for customers with food allergies, gluten intolerance, or other special dietary needs. The Simple Servings station offers simply prepared foods made without the FDA most common allergens: peanuts, tree nuts, shellfish, wheat, soy, milk products, and eggs. In addition, all foods are gluten-free.

Located in Bruff Commons, MyZone is where you will find gluten- and nut-free products and appliances.

Although foods are prepared in a facility that uses these ingredients, we take great measures to protect against the possibility of cross-contact. Separate equipment, utensils, storage areas, and preparation areas minimize this risk, offering customers a safe and healthy dining option.

Bruff Commons features daily vegan and vegetarian choices including entrees, side items, soups and garden burgers. Our 100% vegetarian salad bar features two high protein grains, legumes, and tofu every day. A variety of milk, such as soy milk, rice milk, almond milk, and lactose-free milk, are offered daily.

Our culinary staff is happy to schedule tours of Bruff Commons Dining Room and consult with students and parents to ensure that everyone’s dietary needs are met.

**CAMPUS DIETICIANS**

Registered dietitian Sarah Walsh, MS, RD, LDN, offers Tulane students one-on-one counseling for all nutrition-related needs. Any other nutrition questions can be answered by the Sodexo District Campus Dietician, Kelsey Rosenbaum. You can contact her at Kelsey.Rosenbaum@sodexo.com.

Q. WHERE IS THE RECYCLING STATION IN MY RESIDENCE HALL?
Residence halls have a recycling station outside the building, or a recycling and garbage room on every floor. Use your room’s recycling bin or your own bag/box to collect recyclables, then bring them to your building’s recycling room or station and sort them in the proper location. Paper is collected in a separate container from plastic bottles and aluminum cans. Cardboard can be placed on the ground next to the recycling station.

On the downtown campus, Deming residents should use the toter located outside the back entrance. All paper, cardboard, plastic, and metal cans can be placed into the same container. No glass or plastic bags, please!

Q. HOW CAN I PRACTICE SUSTAINABILITY ON A DAILY BASIS?
- Bring your own mug to PJ’s Coffee for a discount.
- Carry a reusable water bottle with you. You will find water bottle refill stations throughout the uptown campus.
- Use the OZZI reusable container system when you dine at select locations. All new students should receive two free tokens at the beginning of the school year. If you do not have a token, you can sign up for the program in the Campus Services office in the Lavin-Bernick Center, Suite 107.

Q. WHAT CAN I RECYCLE AT TULANE?
Paper, plastic bottles (#1 & #2), aluminum cans, and cardboard can all be recycled at Tulane's uptown and downtown campuses. We do not accept glass, styrofoam, or plastic bags.
Save energy by turning lights off when you leave the room or use natural daylight.

Plug your appliances into a power strip and turn it off when you leave the room.

If you have a large metal fan unit in your room, do not block the vent with furniture or other items.

Use LED lightbulbs on all personal lamps.

Purchase appliances that are Energy Star labeled.

You can also monitor how much energy your residence hall is using with the Building Dashboard at buildingdashboard.net/Tulane.

Q. WHAT ABOUT BIKING ON CAMPUS?
There are two bike repair stations on Tulane’s uptown campus. Each has tools and an air pump. They can be found at the following locations:

1. Outside the entrance to the Israel Environmental Sciences Building
2. On the side of Phelps residence hall facing Bruff Dining Hall, under the staircase

The Tulane Bike Help Desk is a group of bike-minded students who gather regularly to work on bikes and can help you learn how to repair and maintain your bike. Visit facebook.com/groups/bikehelp.

Also, don’t forget to register your bike with Tulane Parking. You can register at the following website:
https://campusservices.tulane.edu/forms/bicycle-registration

Q. HOW CAN I GET MORE INVOLVED IN CAMPUS SUSTAINABILITY?
JOIN A CLUB - There are many great environmental organizations on campus for new students to join. Some of these include Green Club, Divest Tulane, USG Sustainability Committee, Trash to Treasure, Reily Center Outdoor Adventures, Food Recovery Network, Veggie Club, and Green Medical Initiative.

VOLUNTEER with the Office of Sustainability - Sign up to be an Energy Advocate for our Tulane Unplugged Energy Conservation Competition, which takes place annually. Look out for announcements early in the fall semester.

**HOW TO CHANGE YOUR PASSWORD**

The password to your Tulane account is your “key” to the university’s many electronic resources, such as myTulane and E-Academy. You should guard your password as you would your personal bankcard and PIN. Do not share it, write it down or make it easy for someone to guess. Sharing or misusing your Tulane user account is a violation of...
of the Code of Student Conduct and can result in sanctions.

Tulane requires you to change your password at least once every six months, though you may change it more frequently if you wish. Change your password by visiting https://password.tulane.edu and following the online instructions. The first time you visit this site you will be required to provide two challenge questions. The next time you attempt to change your password, these questions may be used to verify your identity.

**COMPUTER SECURITY INFORMATION**

**DON’T DOWNLOAD YOURSELF TO JAIL!**
Sharing or downloading copyrighted music or movies without paying for it is against the law. Buy your tunes and stay out of court!

**KNOW THE SOURCE**
Whether you’re surfing the Internet, checking your email, or responding to IM—don’t click on anything unless you asked someone to send it to you. Links, attachments, and files of any type can contain malicious code, and clicking on them gives permission for that code to execute. When in doubt, delete the email or message. For help with avoiding phishing scams, go to All About Phishing.

**ABOUT ONLINE SOCIAL NETWORKS**
Use good judgment with your online social network accounts and postings. What do you want future employers, administrators, faculty, or your parents to see?

Don’t post overly personal information like cell phone numbers, address, class schedule, etc. unless you feel comfortable being contacted by strangers. Students have been stalked by uninvited viewers of their Facebook pages when they posted overly personal information. Don’t post pictures of your friends without their permission. It may be considered an invasion of their privacy, or may jeopardize their chances for a job or scholarships.

**COMPUTER LABS**
Computers and other digital conveniences are available in the Technology Services computer labs. Visit the computer labs to write a paper, edit media, produce a presentation, print a document, etc. Each lab includes high-performance computers, high-resolution laser printers, a full array of software, and high-speed network connections. Some locations also include color printers, iMac computers, digital camcorders, and other specialized technology.

**LIBRARY RESOURCES AND SERVICES**

The librarians and staff at Howard-Tilton Memorial Library are happy to assist you with all your research needs. Visit the Research Help Desk in the Learning Commons for help locating books and articles in our extensive collection of print and electronic resources. Librarians are available for one-on-one consultations to help you find what you need for your research.

The library website at http://library.tulane.edu provides a wealth of subscription databases chock full of full-text journal articles, print and e-books, newspapers, data and statistics, and archival materials which are available to Tulane students both on and off campus. And what “Howie-T” doesn’t own, we can borrow from other libraries with our Inter-Library Loan service!

Librarians will teach library sessions with some of your classes and offer open workshops every semester to help you learn how to conduct research. We even provide access to citation tools like EasyBib and RefWorks to make writing academic papers less stressful. Want to learn more? Call us at (504) 865-5606, email us at libref@tulane.edu, or stop by!

**TULANE WAVEMAIL**
Tulane WaveMail is one of the university’s official channels for communicating with students. All Wavemail accounts feature a 50GB mailbox and enhanced calendar and contact sharing.

You can access your Tulane WaveMail email account from anywhere in the world, using any computer with a Web browser at http://outlook.com/tulane.edu. Likewise, email clients such as Outlook for Mac or Windows and a large variety of smartphones/tablets can be used for accessing WaveMail. Please visit the Tulane Email site at https://ts.tulane.edu/email for further information.

**FILE STORAGE**
Microsoft’s OneDrive is available to students as a free cloud storage solution. OneDrive is a part of Microsoft Office365 and provides one terabyte of storage as long as a student is enrolled at Tulane. See our Knowledge Base article here: https://tulane.service-now.com/kb_view.do?sysparm_article=KB0016153 to learn how to access OneDrive.
